There is probably no class of diseases which are so wide pread in their nature and so terrible in their results as the fiscases of the throat and lungs. It, therefore, becomes a matter of earnest solicitude to the profession to know there be any means whereby those diseases can be conrolled and ameliorated.

R. Hunter and myself have made these discases ou peculiar study for several years, and we have found he only means whereby these diseases can be reached intered local application, or the prescribing of medi which are breathed into the lungs in the form of va cines which are breathed into the lungs in the form of vapor, and are consequently brought in contact with the
whole internal surface of the lungs. The success of our
treatment has fally sustained the theory.

MEDICAL.

R. R. R.

EME of 182 have been before the public so long, have performed so many miracroious cures, have restored so many thousands of weak, feeble sad dying invelids to robust health, have protected whole neighborhoods from sudden attacks of raging pestilence, have been tested and tried with the most astonishing success in the most difficult cases that Hospital Practice and the prevalence of Yellow Fever, Billious Fever, Spottiel Fever, Typhus Fever, Pheumonia. Cholera, and all other malignant disorders could furnish, and that, too, by the most celebrated Physicians and Medical Writers in this country, among whom we may mention the hames of Page, Stone, Gillen, Francis, Lambert, Griffen, Hopkins, and many others well known to the people, and have restored back to life persons who were dying, and had been given up by all the doctors of ment in the places where they lived, that we deem a short refere to each of the Three Simple Remidses we use in the R. R. Practice sufficient to warrant the sick, the alling and the diseased to give these life saving and Ready Remidse a fair trial.

Radway's Renovating Resolvent is for the cure of all Chronic and old established diseases; of Humours, Skin Diseases, Serofula, Bronchitis, Bad Coughs, Dyspepsia, Syphilis, Sores, Uleers, Tumors, Nodes, Swelings,—Radway's Renovating Resolvent has cured the most frightfully afficted objects, who were covered from head to foot with Holls, Sores and Uleers—Even wisen the human body was so rightfully multilated by the law of disease as to render it necessary that the leper should be banished from the presence of society, and be kept in separate apartments, as the havor which disease had made in the human body was so disgusting as to shock and sicken the senses of the most intimate thends. Hadway's Renovating Resolvent has given to such objects new and healthy bodies, and filled the veins with a tresh, pure and stream of blood.

diaphoretic, and above all a Regulator of the whole Hu-man Body.

A pill that, while it purges from the body the refuse de-posits, it heals at isores, quers, or irritations in the bow-els or mucuous membranes. The use of Radway's Regulators will dispense entirely with the baneful drug Calemel, Blue Fillor Merroury, in any form, all the good effects either "the Boctor's or the patient expects to derive from the use of Mercury will be secured by Radway's Regulators, without endangering tee system by salivating it. Hence the great and important advantage which the discovery of Radway's Regulators secures to the Human Race, in sudden at tacks of Yellow Fever, Typhus Fever, Scribet Fever, Congested, Billious, Remittent and Intermittent Fevers.—In Cholea, Dysentery, and all other infectious and malignant maladies, Radway's Regulators are just the rem ay required in those malignant cases. They heal all series and ulcers, either in the boxels or in the ocat of the stomach, evenif the whole intestines were raw and ulcer our slong the whole length of the bowels, they will not irritate or occasion any pan; they expel quickly all poisonous and infectious deposits, and will, as soon as dissolved in the etsmach, withdraw the congested and accumulated humors from the interior surface of the bowels, and expel all such humors entirely from the system. Another great influence they exert upon the system is their regularing powers. No matter whether it be MAN or WOMAN, whose system may be out of order, whose organs are irregular in the natural performance of their several duties, a dose or two of Radway's Regulators will quickly cure all irregularities, and force a pleasant and natural evacuation from the bowels at aregular hour, each and every day. To ladies whose monthly turns are not regular, a dose or two of Radway's Regulators and Ready Kellef will always insure their regular discharge at the proper time.

Gentlemen: A recent trial of your R. Rehef for Rheumansun proves it to be a sovereign remedy. About four weeks ago! was seized with Lumbago, and quite unable to standap. I purchased from Mr. McTherson, a bottle of R. K. Kelief, rubbed my back well and obtained immediate relief. The next morning I felt pain a my hip joint and in a few days it became considerably enlarged. I was afraid to try more of the Rehef, lest it should drive the pain to a more vital part his the body, but as the pain in my joint, knee and ancle became so excruinating, I got another bottle of Radway, and applied it, and washed my whole limbs with it; and I am happy to say with complete success. The intense and unusual cold at this season, I feel has the effect of remewing the pain, but one application of the Ready Rehef will banish it. Could I keep my feet warm at all times, I would have nothing to fear from the Rheumatism atter applying your Ready Rehef. I shall occasionally draw attention to the efficacy of your medicines, the result of experience.

......AUGUST 27, 1856 WEDNESDAY

The agony of the Know Nothings at the accession of Messrs. Choate, Pearce, and other eminent Whigs to the cause of the Democracy would be distressing, if it was not so ludicrous-They writhe and twist and squirm under it like Laecoon in the folds of the serpent. They baster, and weep and supplicate by turns; and then they try to smile and sneer, but their merriment has all the ghastliness of the grin of a dead dog. Their condition is so deplorable that reminding them of it seems like mocking at misfortune. It sounds like laughing at an idiot for his want of brains, or making sport of a cripple. To ask a Know Nothing about the condition of his party would now be as indelicate as to enquire of a widow how her husband is. It would be as mean as to pour the contents of a pepper cruit on a new burn. Indeed the man who would do such a thing would be indictable under the statute against cruelty to animals.

The most prominent survivors of those leaders of the Whis party who carried its banners so faithfully in a hundred battles, and who were seen in the route of their party, lingering with gallant devotion along the line of reatreat vainly endeavoring to rally the scattered bands, forsaken and betrayed, have turned to their old old instincts of honor, they have chosen rather anan was exhibited; flags waved and transparen selves to the insane treason of pretended friends. The Fourth and Fifth Ward cluds, with a mul In this land of patriots are found the last Tritriots and all men of high character for honor and for intellect-have come fowerd in the naitons emergency and enrolled their names among those who "carry the flag and keep step to the music of the Union.'

These are the men whose motives it is now the last desperate game of the Know Nothings to impugn, whose characters they meanly villify. Consistency with them means nothing. It does not matter to them that their preamble to the constitution of their order declares the Whig party dead of its own corruptness. It is enough that a few surviving Whigs of eminence are still when he had but two in charge, one escaped, when he had but two in charge, one escaped, when he had but two in charge, one escaped, true to the constitution and abhor the impious and he was obliged, in consequence, lo kick the treason of religious proscription, to excite all the envenomed tyranny and intolerance which when the power at which they so greedily clutched has passed from their grasp like a phantom, and the good and wise throughout the land are turning towards the party of the constitution for the salvation of the Republic, it is to be expected that disappointed and baffled as these men are, they will break out in upbraidings and dia-

So long as Rufus Choate and his compatriots remained passive in this contest and the greediness of the Know Nothing party fed upon the hope of their support, they were held up as shining lights of statesmanship. A leading paper in alluding to the rumor that Mr. Choate had declared for Buchanan, denied it indignantly and declared that his high character as a man and a statesman forbade the idea. But no sooner had Mr. C.'s position been placed beyond doubt by his letter to the Whigs of Maine, than the same paper so far stultified itself as to declare that calamnity at Last Island, says: he was a man of no influence and no political ability. And so of every other Whig whatever who has refused to bow to the Baal of Know Nothingism. Let them rave. It is their only consolation, now that their docm has been pronounced at the ballot-box.

It should rather excite them to renewed the first forty to be let out in pairs—the remainder singly. This is one of the most rash partizans who put him forward as a candidate, and one which may save our country hereafter from the scandal of such a candidacy. Mr. Fillmore's Abolition affinities will induce many Northern voters to go for him who would in his absence as a candidate support Fremont, and thus he may unconsciously render some and thus he may unconsciously render some looking lady entered a first-class railroad car, service to the country in the race. But let no man of the South throw away his vote on a man whose aspirations are without the shadow of a tlemen, one of whom at the moment of her aphope for success. Every vote which Fillmore will receive at the North will be so much taken Observing the lady, he made a significant grimace, and, with the characteristic politeness of from the strength of Fremont, while every vote which he gets at the South will be so much added to the strength of Fremont. Let, therefore, our mace, and, with the characteristic politeness of a Frenchman, said: "Would smoking incommode you, madame?" The lady turned towards him, and with an air of quiet dignity replied: Democratic friends in Kentucky continue to labor without ceasing to inform the people of smoked in my presence!" He put out his segar. these facts. Let Kentucky, who has already declared in favor of the Constitution by rebuking at our last election the insulting arrogance of Know Nothingian complete the good work by Know Nothingism, complete the good work by bersburg (Pa) Valley Spirit announces on its rolling up a majority for Buchanan and Breckinridge, which will vindicate his devotion to patriotic principles through all time to come. Every
Democrat, therefore, should see that his whole rolling up a majority for Buchanan and Breckintherefore, should see that his whole duty is done. From now until November, we Cabinet, and the General advised him to have a task before us, arduous, it is true, but Mr. Buchanan for Secretary of State. It is full of inspiring hope to cheer us on to unremit-ted efforts for the cause of the country. Though victory is certain, we should not feel less desire will believe that Jackson advised Polk not to approximately. on that account to deserve it.

A year ago Elliott beat Dur Kansas bill. His speech, however, excited no spirit among the Know-Nothings-their heads drooped like those of wet chickens.

Mr. Holt responded in a speech of two hours, which was received with the wildest enthusiasm by his Democratic hearers. His review of the action Northern Democracy for the last quarter of a century, their patriotic devotion to the constitution, and determined hostility to every shade and species of abolitionism, their fierce conflict with the Northern opposition upon the question of the annexation of Texas, and the still fiercer conflict they are now having with that same Northern principles of the Kansas bill produced an effect we have rarely seen equaled. He proved from indubitable documents that this was the party which was now supporting Fillmore, and appealed to his hearers with fervial eloquence to say which of these two parties they intended to declare for in November.

Mr. Holt's speech was a complete triumph, and the jubilant Democratic shouts which rung through the air, when he closed, evidenced how well it had been listened to and appreciated.

We understand that he has promised to make everal more speeches in Henry county between this and November. They will do much good.

The Twelfth Judicial District. To the Editors of the Louisville Journal:

RICHMOND, KY., Aug. 12. In the Gibraltar District (Sixth Congressiona lap in the same counties about 1500 votes. It is regarded as a test vote of the strength of the parties. Mr. Fillmore, however, is gaining ground there every day, and they expect to give him a larger majority than Pearl got. He will get one thousand majority in the old Clay District in November next, which was lost in the

Gubernatorial race last summer by 1500. The above note is characterized both by igno rance and falsehood-ignorance of the countie composing the Twelfth Judicial District, and in confounding the Judicial with the Congressiona District; and falsehood in stating Pearl's majori ty, which has never been claimed by his own party to exceed two hundred votes.

For the information of this scribbler we would let him know that there are eleven counties it opposition in behalf of the just and beneficent | the Twelfth Judicial District, and that Clarke majority last year in these counties was 410 votes; and Elliott's majority 485, instead o as stated by this little have been no official returns from the Twelfth District as yet, and some doubts are entertained as to who is elected Judge, but it is generally conceded that Pearl's majority will range from 50 to 100 votes.

If this be so we do not look upon it as a defea Mr. Pearl is an old lawyer, and for the last five years has been the Prosecuting Attorney in the District, and all this taken together, with the material aid his friends used in the race, it is no rusal. This unparralleled preparation is receive wonder Riddell was beaten. Mr. Riddell is a ing more testimonals of its wonderful efficacy in good lawyer, but was almost wholly unacquainted in the District, and with but few relatives and no funds, and made a gallant race.

The real test race in the District was between John Dishman and T. L. W. Sawyers. Dishman beat his opponent somewhere from 1000 to welve hundred votes. This is the test vote, as eases and remedies, have recommended this as will be seen by the vote of the District in the one of the most effectual in their line of preparations for the Presidency. We'll bet on this. LETTER FROM LOGAN COUNTY.

PASCHAL D. CRADDOCK KILLED .- Our citizens were startled yesterday morning by the intelligence that Paschal D. Craddock, living about five miles from the city, had been found dead about one mile from his residence. Coroner White, Sheriff Megowan and Deputy Sheriff Morton immediately went. The Coroner held an inquest on the body, and reported the following particulars to the Evening Bulletin:

"The body was found in a lane on the north side of the Bardstown turnpike, just beyond the second tollgate. It had three shots in the thigh, one of the balls passing through. None of these wounds could have caused death. The neck was broken, and the face, head, and neck were mutilated by hogs, the ears having been eaten off Craddock was on horseback when he was shot, and it is supposed that, after he was shot, he fell off his horse and broke his neck. The horse was found standing in the lane just beyond the body this morning, as he was afraid to pass it. Two Dr. Guysott's Extract of Yellow Dock and Sar pieces of rope, having some blood on them, were found near the fence. The coroner found in one saparilla, which gives Immediate Relief by re newing the Fountain of Health and Strength of the pockets of the dcceased a counterfeit \$50 bill on the Union Bank of Louisiana and a counterfeit \$10 bill on the Farmers' Bank of Kentucky, and under the lining of the hat a counter-feit \$10 bill on a New Haven (Conn.) Bank.—

No other money was found. A dirk knife was found on the body. The verdict of the jury was that "Craddock came to his death by violence."

Deputy Sheriff Morton informs us that he discovered near where Craddock had been killed, a place where three houses had been hitched. He traced them through a field and found the fence removed so as to enable them to pass through.— He found where the horses parted—two turning toward the turnpike and one in the woods, where their trails were lost. The shots were distinctly heard by the neighbors, some thinking there were as many as five. The body of Craddock was carried to his late residence in charge of Mr. Morton."

The Bulletin further states : "A nephew of Craddock states that about 10 o'clock on Monday night a negro came to Crad-dock's, who with his family had retired. The negro awakened the inmates by knocking at the window, and, representing himself as belonging to a highly respectable citizen who resides about two miles from Craddock's, said that his master wanted to see him. This gentleman, we understand, has been confined by sickness for some nime. Craddock, against the advice of his wife, saddled his horse and left home, telling his wife that he appropried that he apprehended no danger. Craddock's house is about a quarter of a mile south of the Bardstown road, and his body was found in the lane about half a mile north of the road.

The negro man, we learn, was brought to the city last evening and lodged in jail. FILLMORE ELECTORAL TICKET IN JOWA .- The following is the Fillmore and Donelson electoral

OF INSTRUCTION.

OF INSTRUCTION.

All the branches of education, both soild and ornamental, which are taught in the best female schools, may be acquired at this institution. The pupils connected with it can have advantages equal to those enjoyed in the best Eastern schools to become intelligent, refined, and well educated women. Able and skillful assistants have been secured for every department in the school. The studies are conducted by means of recitations from appropriate Text Books and Lectures. Minute examinations are constantly made, accompanied with additional explanations and illustrations, and effort is made to teach thoroughly whatever is taught. In addition to those who are studying the regular branches taught in the Institution, fwill receive a class of young ladies who have completed their Academical studies, but who desire to pursue a course of reading in History and Polite Literature. They will also have and opportunity of perfecting their knowledge of Music under Prof. PAUL SCAMIDT, who has no superior in his department, and who has educated many of the best performers on the Piano, in the land. The patrons of the Institution may rest assured no pains nor expense will be spared to make it worthy of the support of those who wish to giveir daughters the best educational advantages the country can afford. Mr. Bayard regarded Mr. Weller's bill of no Such laws he was willing by a declaration of rights to abrogate because that was the only of constitutional legislation.

Mr. Mason voted for and approved of the bill passed in May 1854 to organize the Territories of Nebraska and Kansas as because it gave the people the right to regulate their domestic insti-

utions in their own way.

This bill proposed to undo that work and prescribe how far they should be free to make their own institutions, and in what respect they Albany at 1:45 P. After the army bill was passed, if it should pass a tall, he would listen with great respect to such propositions and deliberate upon their propriety, but never until then would he enierta, n the subject for a moment. He moved the biil and and

Mr. Weller urged him to withdraw the mo tion as he wished to speak on the subject and Mr. Mason acquiesced. Mr. Weller said he was one of the last Senators who would sympathize with those in its factious course on the army bill. The only object he had in view was to do what the Senate did some 3 or 4 weeks ago, and the bill which he offered was no more nor less than one section of that bill which the Senate had passed, but which for some reasen or other had been suffered to slumber on the speaker's table; but as the House find so much fault with the oppressive laws of Kansas, and he would admit some were oppressive and as atrocious and infa-mous as any laws which ever found their way upon the statute book of any free people in any age of the world, why should the Senate hesiate to declare them null and void. As he had before declared that many of them were not only in degradation of the organic law but of the constitution of the United States. Freedom of speech was guarentied by he constitution but by some of those laws it was denied. When he found laws which were in conflict with the con-stitution he did not choose to wait for the judgment of the Judiciary but wanted to wipe

them out at once. Mr. Butler regarded it as a subject which was somewhat delicate to meddle with, and thought the attempt to legislate would involve us in greater difficulties than those now existing. If the laws were unconstitutional they were void without an act of Congress to declare them so, and the proper tribunal would settle all those questions. He had deprecated the idea of holding out anything like concession to the House.

Brown pursued a similar line of argument.— He was willing to admit that those laws were unconstitutional, and that, therefore, Congress was bound to blot them out of the statue book. Some of them were unjust and outrageous to be sure, but some of the laws of Virginia might be too. Was that a reason why Conbest judges what laws they need. After giving them a right to make their own laws Congress had no right to interfere. If Congress could do that, it might as well make laws itself for the

government of the people and abandon altogether the idea of the popular government.

St. Louis, Aug. 26. The Kansas meeting was held yesterday at the oppointed time and organized by choosing the Hon. Jno. F. Darby President, Gen. Ramsey, Hon. J. M. Winer Vice President.

A committee on resolutions were appointed who reported, that being satisfied that organized and armed bands of lawless, desperate men have invaded the Territory of Kansas with the purpose of expelling and extermination of peaceable law abiding citizens, and in carrying out their purpose have been guilty of arsen, robbery and murder, destroying property, burning houses and murdering unoffending citizens while engaged in their lawful concerns, and whereby wo-men and children have been driven from their homes and rendered widows and orphans houseless and penniless. Therefore

Resolved, That we deeply sympathize with sufferers and are willing to extend them shelter and protection, and whatever aid may be required to supply their necessities and alleviate

their sufferidgs,

That we condemn the spirit of bigotry and fanatical Abolitionism, which has produced this

state of things,

That a Committee of ten be appointed by the President to gain the necessary and proper information, and if thought advisable, to visit the scene and report to the President, and if they recommend raising funds for their relief, then Committees be appointed to affect that object and proper appropriation funds be raised.

That in no event will we sanction any interference or action against the constitution, or anything not warranted by law and right. That we desire that the Federal Government should interfere to subdue the insurrection and preserve peace, and protect the rights of the citizens of the

Territory.

This medicine is prepared entirely from vegetable substances; the most delicate stomach can bear it conveniently, and it is given with perfect safety, in minute doses to the most tender infants, its properties being of a strengthening and invigorating nature. It is nearly put up in bottles, with ample directions for use.

The following testimonials from some well known and respectable citizens of Philadelphia, are fully corroborative of the tried efficacy of the Anti Dyspeptic Elixir.

Attetsation. We, having used William's Anti-Dyspectic Elixir with the most perfect satisfaction and success, take great plea-success the great pleasure in recommending it to all persons suffering with Dys-pepsia, as we are fully convinced of its most estimable updates in recovery and apparent pain and uneasures, and imparing a healthy tone to the pain and uneasures, and imparing a healthy tone to the JOHN R. Philadelphia Excessinge, corrosorative of the emeacy of Williams's Anti-Dyspeptic Elixir.

Philadelphia, March 16, 1853.

Doctor James Williams:—For several years past, I have been liable to attacks of Dyspepsia; but never have I been more distressingly afflicted with its symptoms, than within the last few weeks. Indigrestion, nervous irritability, despondency, a sense of weight in the stomach, and severe pains in the left side, rendering me, for the time being, truly wretched. Fortunately, I was recommended by a friend to try your Elixir. I did so, and in less than two weeks, indigestion ceased; pain and nervous depression left me, and appetite, with mental and bodily health, were fully restored. To me the cure seemed almost miraculous, and my object in writing to you s—a hope that other persons suffering the miseries of Dyspepsia will avail themselves of your efficient remedy.

I am, dear sur, yours truly.

DAILY'S Inhaling Vaper is used in the cure of diseases of the Lungs. Worn on the breast, the heat of the body causes an evaporation, which will be constantly inhaled by the patient, passing gently into all the air cells and passages of the lungs, and supplying every part with a soothing and healing vapor, while the patient is taking Daily's Extract of Ginsing or Honey Syrup, for the cough and debility, and his Balsam of V aboo, for the impure state of the blood. It is acknowledged by all that by inhaling marsh miasma, or nozious vapors or air, the lungs become diseased. Is it not equally true that, supplying the lungs with an invigorating and healing medicine, will restore them to health?
